Considerable time was spent discussing Myrtle Dennis' impending trial and it was decided that the best thing to do on her behalf would be to obtain signatures on petitions to present to prominent officials urging them to exert their influence to have the case thrown out of court. It was also decided to send telegrams to these officials in the hope that the case will be dismissed.

In the event the group is unsuccessful in having the case dismissed it was decided that they must work more diligently to raise money for trial expenses. The attorney fees alone will amount to approximately \$1000.00. In spite of all the effort expended on her behalf, Myrtle Dennis believed that she will lose the case if it ever goes to court.

[redacted] picked up [redacted] after the meeting. He also drove [redacted] to her residence. b6 b7c

This evening [redacted] invited [redacted] to a Cleveland Negro Labor Council meeting to be held on 11/15/55.

Care should be used in the dissemination of the above information so as not to reveal the identity of the informant.

The following is a report of [redacted] dated July 18, 1954, which was received by SA [redacted] on July 27, 1954. With the exception of minor typographical and grammatical corrections, the following is a verbatim copy of the informant's report; the original of which is contained in serial 66 of [redacted]

Written 7-18-54

Date of Meeting: July 18, 1954.
Type of Meeting: Civil Rights Congress.
Place of Meeting: 2115 McKays Road, Cleveland, Ohio.
Persons present: [redacted]

ALICE HARRIS

JAMES HARRIS

This was a special conference called to make a report on the St. Louis convention held in June. There were delegates from Dayton, Ohio and Akron, Ohio, about 15 people in all.

ALICE HARRIS opened the meeting making a full report on what took place in St. Louis, discussed a few weeks ago

MEMO 2/10

She said that it was an accident that most of the officers are against the Negroes and Jews for they are the minority in this country.

[redacted] told the delegates that now is the time to bring people in the US to unity fight for the rights of the people.

b6
b7c

[redacted] told the delegates that Big Business is the cause of all the trouble we are having in this country for they have nothing to offer the people but wars. He said that it was time to make clear that the CIO is not a political organization but a group of people fighting for the rights of all the people of America.

A man from Maine, Ohio told the delegates that you all might not agree with me but I have said this many times that the people need something as to what is going on and you cannot look for people to join up and follow the don't know what it is all about.

Frank said agreed with him and said that we must be clear here and now that the CIO is not a political club but anyone who wishes to join let him or her be Republican, Democrat, Socialist, or Communist, all are welcome to join in the fight for the rights of the people.

After the meeting, John Smith said to [redacted] did you know what that man said about educating the people and about three weeks ago you, [redacted] [redacted] spent the same week and about one hundred in the South and if I had been you I could call [redacted] every kind of U.S. that I could think of. That is why I don't say anything in the meeting for they are going to do how they damn please anyway. Then this man said what we did about [redacted] or [redacted] [redacted] did not see a damn word about that. [redacted] told [redacted] that he had learned that some white people think they know it all and he was not sure of the policy of the CIO and from this day on he would know just where he was going.

1970 1970

All the clubs all over the state were called to
put on a fundraising drive to see if they could not get on
much as \$10 million this year or by the next conference.

There should be care in disseminating the above in-
formation to prevent it from being used to reveal the identity
of the informant.

SUBJECT: [REDACTED]

On October 6, 1954, the above informant was contacted by the writer during which time the writer mentioned that the Bureau would appreciate the informant's attending as many functions within the Communist movement as she could since the information she was furnishing to us was of great value in the Bureau's work.

Informant stated that she would continue to do her very best for the Bureau but that her health has not been as good recently as in the past and that her activities on behalf of the Bureau impose a considerable physical hardship on her. The informant stated that she does not feel that the money she receives from the Bureau adequately compensates her for the hardships she undergoes to obtain the information and that if it were not for the feeling of being of patriotic service to her country, that she would discontinue her activities.

It is noted that this informant detests the people with whom she associates in the Communist movement and often becomes disturbed over their complete lack of scruples.

The informant stated as she has in the past that it will be the happiest and proudest day of her life when she has an opportunity to testify for the Government concerning her knowledge of subversive activities. The informant was advised that the Bureau greatly appreciates her activities and trusts that she will continue to be of as much service as she can until such time as the Bureau feels that the interest of the country will be best served by using her as a witness.

Informant again stated that she would certainly continue to do her best and that she hopes that the sacrifices she is making continue to be of value to the Bureau and to the country.

[redacted]
Remylet 4-16-54.

Since submission of relet, [redacted] has submitted a total of 43 written reports and a large amount of Communist literature. The following is a summary of the type of information being furnished by this informant:

Twenty-one of the reports concerned meetings and other activities of the local Civil Rights Congress, of which the informant is an officer. On approximately ten days the informant worked at CRC Headquarters, handling mailings and other similar matters. She furnished reports concerning all the information she could obtain concerning the operation of the CRC office as well as the office of the Ohio Committee for Smith Act Defendants (OCSAD), which adjoins the CRC office. In this connection, it is noted that the informant is a very close associate of FRIEDA KATZ, Executive Secretary of the local CRC and indicted Smith Act subject, and is in almost daily contact with KATZ. KATZ has asked the informant to assume even more responsibility in the CRC since the Smith Act trial preliminary hearings have begun in Cleveland and KATZ is in the court room each day. The informant has been advised that she is expected to work at CRC Headquarters much more frequently in the future. [redacted] has also been designated to attend the Midwest CRC Conference in Chicago on October 23, 24, 1954.

This informant is well acquainted with a large number of persons active in the Communist movement in Cleveland and identified 67 persons who were present at a joint CRC - OCSAD meeting in Cleveland on July 14, 1954. Because of her extensive activities in the CRC, [redacted] is able to provide this office with accurate accounts of the day-to-day activities of the CRC as well as its overall plans and policies in this area.

The informant, who is a housewife, spends a great deal of her time notifying people of forthcoming meetings, securing meeting places for large gatherings, distributing literature, etc., and is considered by other informants to be one of the top local leaders of the CRC.

RSB:bn
REGISTERED MAIL

Director, FBI

Eight of the informant's reports were concerned with the local chapter of the National Negro Labor Council, of which the informant is a member of the Executive Board. The informant is also well acquainted with the persons active in this organization, and furnished the names of 45 individuals who attended an NNLC affair in Cleveland on September 24, 1954.

Three of the informant's reports concerned meetings of the Ohio Committee for Smith Act Defendants and the informant is able to furnish considerable information concerning this organization through the literature received by her and by her presence in the ORC office which adjoins the OCSAD office.

Of the eleven remaining reports submitted by the informant during this period, one was concerned with a Progressive Party meeting attended by the informant at which she identified 25 persons in attendance. Another report concerned a reunion of the Small Home Owners Association, which was a fund raising affair for the Ohio Smith Act Defendants, on July 24, 1954, at which the informant identified 48 persons in attendance. The other reports concerned primarily literature distribution and detailed discussions with individuals active in the Communist movement.

Although [redacted] is 56 years of age and is not in very good health, she continues to devote herself untiringly to securing information for the Bureau. The informant stated recently that even though she is not as strong physically at the present time as she was in recent years, she will continue to do the very best that she can on behalf of the Bureau's work in the Communist field. b2

It is therefore recommended that authority be granted to continue payments to the above informant up to \$175.00 per month for services, plus actual normal expenses incurred, for a period of three months, effective November 1, 1954.

Informant arrived at the October 23, 1954 session at 8:00 AM and [redacted] (Akron) [redacted] (Cleveland), and [redacted] (Cleveland), had already arrived. The door to the hall was not open until 9:00 AM. Informant learned that [redacted]

[redacted] (white, large bony structure), were scheduled to prepare the food in the kitchen that day.

b6
b7C

Informant did not hear the entire speech given by [redacted] because of other duties assigned to him. The speech by [redacted] was in substance as follows:

The CRC must support trade unions; the Klu Klux Klan under the guise of the McCarron Act is trying to destroy

CG 100-18155

all forces that work together with the Negro people and the Klu Klux Klan is spearheading attacks against the working class. The CRC is the only organization in American which will not defend the rights of Fascists.

Afternoon Session, October 23, 1954

[redacted] the afternoon and he was introduced as "the leading fighter for trade unions". [redacted] quoted Attorney General BROWNELL as stating, "We are going after the trade unions first". [redacted] related that militant leaders are being driven out of unions by accusation of "false affidavits" as in the case of [redacted] further related that "haywire democrats, HUMPHREY of Minnesota and our own PAUL DOUGLAS, got the Communist Control Act through to embarrass the administration. The leaders of the unions are being forced to come out openly against the Butler Bill and consequently at least putting their union on record. When the workers understand what the thing is, you come out on top, like the Square D situation. The labor movement must join in our fight in parallel action. We should prepare material on the Butler Bill to pass out at plant gates".

b6
b7C

Informant advised that CLAUDE LIGHTFOOT was the next speaker and he gave a discourse on the Communist Control Act. LIGHTFOOT's speech was in part as follows:

"In the past two years there has been a series of infringements on our Bill of Rights. The first, fourth, fifth and eight amendments of the Constitution have been under constant attack by the present administration and present Congress of our United States Government. Due to American imperialism, America has emerged as the most hated nation on the globe. Disillusioned American soldiers have turned to dope. Our American foreign policy was geared to intervene in Indo-China, but hundreds of thousands of letters and telegrams reached EISENHOWER, so he said we will not intervene. There have been eleven leaders jailed for advocating overthrow of the United States Government, but this charge has never been proven. The books used in the trials were written by MARX, not by the individual defendants. Everyone associated with the New-Deal is under attack as exemplified in the case of OWEN LATTIMORE -- let not TRUMAN or ADLAI STEVENSON think they are immune.

CG 100-18155

"The mass movement against MC CARTHY is so strong that they could not even use him in this election. Not MC CARTHY, but McCarthyism is the stock and trade of the EISENHOWER Administration. They wanted to attack HUMPHREY and DOUGLAS and other liberal Democrats so they picked on me. Unless the leaders of labor and the so-called liberal Democrats stop retreating in the face of McCarthyism, we are going to have Fascism. We must win over the rank and file. We must have a coalition consisting of the labor movement, farm movement, youth movement; and the CRC must learn to work with these millions of people and take them as they are with their prejudices and confusion, for the purpose of uniting them."

Informant advised that after LIGHTFOOT's speech the meeting was opened for a general discussion. [redacted] of St. Louis praised the "Post Dispatch" concerning the way they handled news releases pertaining to the recent trial in St. Louis. [redacted] of St. Louis said that her chapter has 42 members and that they have been working continually on the PATTERSON case and the case of Mrs. INGRAM. [redacted] They are planning to select a local case to rally around and the CRC is also planning to open an office. It was announced that the Elks at their recent Chicago convention, voted to send a delegation to Atlanta, Georgia regarding Mrs. INGRAM. It was also announced that the CRC will contact the Elks regarding this delegation.

[redacted] the CRC of Illinois, gave a short address about the CRC October 3 rally for CLAUDE LIGHTFOOT. She stated that 3,000 people were present at this meeting and that 100,000 pieces of literature were distributed announcing the meeting. [redacted] further advised that because of this rally "tension has lessened here".

[redacted] gave a speech concerning racial discrimination practiced by the Chicago Housing Authority. He stated that [redacted] allegedly a CHA official, is responsible for these practices and that [redacted] has in the past embezzled money from the bank. [redacted] related that he represents 19,000 tenants of CHA projects who are protesting racial discrimination. [redacted] went on to say that

CG 100-18155

he and CLAUDE LIGHTFOOT worked Newton Park together in the old days. [redacted] advised that he is a member of the Catholic Church and that his priests gave him \$10.00 toward the CLAUDE LIGHTFOOT defense. He further related that the Holy Name Society of his church has [redacted] behind it and they are fighting McCarthyism and the Smith Act.

October 24, 1954 Session of CRC Mid-West
Conference Held at Parkway Community Center,
5120 South Parkway, Chicago, Illinois

Informant reported that many of the delegates who attended the October 23 session did not attend the October 24, 1954 session, but there were about 40 delegates present.

Informant learned that [redacted] was going to have a dinner party for WILLIAM L. PATTERSON that evening. [redacted] was present from 3:30 - 4:30 at the October 24, 1954 session. Informant learned that [redacted] telephone [redacted] provided sandwiches for delegates to this meeting.

b6
b7C

[redacted] the morning session and introduced [redacted] from Milwaukee, [redacted] speech was in part as follows:

He has had three weeks activity in the WILLIAM L. PATTERSON case but thinks the INGRAM case has more appeal to the public. Suggested a mid-west committee on the INGRAM case. The office at Milwaukee costs \$60.00-\$70.00 per month not including operational expenses. The CRC in Milwaukee has a banquet scheduled for November 27. They have raised \$30.00, \$50.00 and \$60.00 in their three Rosenberg-Sobell meetings. The CRC in Milwaukee has sent the National CRC Office \$180.00 of their \$500.00 pledge.

[redacted] was the next speaker and he stated that he is [redacted] of the Milwaukee Chapter of the CRC and he feels that all CRC meetings should be opened with a prayer and ended with a prayer. He believes all CRC members are Christians because "if they didn't believe in God they wouldn't have put me in as [redacted] He then asked how many believed in God and about 3/4 of those present raised their hands. He went on to say that the FBI had told him that CRC had made him [redacted] only "for a front", but he does not think so. He is sure they felt they could not get anywhere without prayer.

b6
b7C

[redacted] was the next speaker and she advised that there is only one chapter in Minneapolis. The CRC in Minneapolis has decided it is necessary to meet publicly and

announce meetings in the press. The CRC has no office space in Minneapolis but [redacted] Committee for Protection of Foreign Born and indicated that CRC utilizes this space. [redacted] further revealed that CRC has a committee on racial and religious discrimination, a committee fighting political victims' cases, also a legislative committee, and a yearly bazaar for "prisoners' relief". [redacted] related that [redacted] formerly a Communist Party organizer, was arrested in St. Paul on charge of having his car bought and registered under an assumed name. The Minneapolis CRC Political Victims Committee went into action and sent out a number of protests. [redacted] explained that [redacted] had only changed his name because he was continually losing his job when it would become known he was formerly [redacted] further disclosed that [redacted] was arrested on a similar charge in Wisconsin and that the CRC Political Victims Committee went into action again and demanded that the Governor withdraw on grounds that [redacted] had "no hearing"; case now being appealed to the Supreme Court.

b6
b7C

Report further reflects that WILLIAM L. PATTERSON was the next speaker and his speech was in part as follows:

Each of the states represented at the conference and Michigan and Indiana should have a representative from one of their leading committees, perhaps the Political Action Committee, assigned to a regional council which meetings to take place three or four times a year and that the council ought also be subject to emergency call where a program can be developed to fight back if CRC or the Constitutional liberties are attacked. Such a council should have a meeting within a short time for the purpose of defending CRC and the development of CRC activities in the Middle-West.

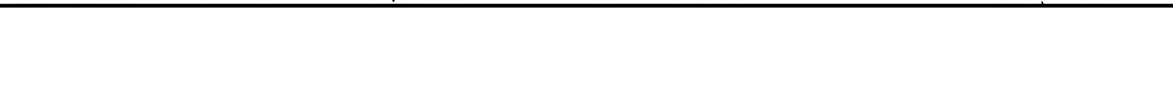

The government has worked at a technique where he (PATTERSON) may start life imprisonment for refusal to turn over CRC records to Treasury Department officials. He does not see any way to defeat this plan except through mobilization of the people.

PATTERSON related that a Milwaukee representative previously related that it is easier to mobilize the people for the case of Mrs. INGRAM, than for him, "while I do not want to seem immodest, I am not prepared to accept that position." Mrs. INGRAM was symbolized through CRC when he sent

CG 100-18155

delegations to Atlanta and to Washington, D. C. and because of this the INGRAM case was put on a national level. Publicity took on international proportions when he approached the United Nations regarding the INGRAM case.

PATTERSON related that the CRC must follow up on its plans with active programs because victory is impossible without unity of the American people. "Left-membership and guidance is tremendously important in churches. The Evanston Church Conference (World Council of Churches) taught us it could move millions".

b7D

WILLIAM L. PATTERSON then gave a short talk on "fear" which was in part as follows:

We must not be afraid to speak out. CRC is not a Communist organization but we fight for the Constitutional rights of all Americans. Constitutional rights are inseparable and indivisible and you must give to the Communists the Constitutional rights of all Americans. One time in St. Louis someone said to me that the Reverend JONES was present. My answer to that question is this: we have a program, let us test the people who come to work with us by the manner in which they are willing to carry out that program, not pick them out and indulge in scandal mongering unless the facts are clear, that the person working with us does so with an ulterior motive to destroy our organization. Nothing that has been said here is against the Constitution of the United States and I say, "let the stool pigeon make the most of that". Our program that has been formulated here goes to the churches not as a directive but to help them. Tomorrow I'm going to one of the Catholics of national renown to talk about the LIGHTFOOT case. Streets are the greatest courts in America, crowded with the people of the jury.

Informant learned from JOHN T. BERNARD, Administrative Secretary of the CRC of Illinois, that WILLIAM L. PATTERSON during his stay in Chicago is residing at his house. Friday night they had 12 people for dinner and raised \$62.50 for the PATTERSON defense.

CG 100-18155

Informant learned from [redacted] that he had already moved into the [redacted] address and that [redacted] who is going to sublease his old apartment, told him today that his [redacted] landlord is so nice he will probably lower his rent if he tries to move, so he has decided against moving.

b6
b7C

Informant also reported that [redacted] a friend of [redacted] was in attendance at the latter part of the October 24 meeting.

"On the 22nd [redacted] left Cleveland, Ohio for Chicago, Illinois to attend a convention called by the President, Mr. WILLIAM PATTERSON. [redacted] told [redacted] that he did not want to go for the CRC leaders had not given him the support that he felt that he should have. [redacted] told [redacted] that he, [redacted] was going to Chicago anyway for the weekend and would be very glad to take him; and it was no more than right that he, [redacted] being [redacted] of the CRC in Cleveland, should go.

"Before the conference got underway at the conference hall, [redacted] called [redacted] and [redacted] and told [redacted] that they were going to draw up what each would say. For about ten minutes they talked and [redacted] told them that he did not think that [redacted] should be left out of the discussion for he too was a member of the CRC as well as a part of the delegation from Cleveland, Ohio. [redacted] asked [redacted] if he would not join them and asked him for any suggestions he had.

"The Welcome Address was given by an [redacted] [redacted] who welcomed all fellow members to the convention and asked for unity among all. He said that there was a job to be done in this country of ours and it is up to the progressive thinking people to do the job. He said that you could not blame the people for they are fed this capitalist poison each and every day.

"WILLIAM PATTERSON, who was acting chairman at this time, asked for nominations of a chairman of the morning session of the conference and [redacted] of Chicago was selected. She asked if all would agree that one main speaker come from each chapter and anyone else from that city could summarize it all up later. This was agreed upon. [redacted] a labor organizer from Chicago, told the conference that the leader of the labor movement had separated themselves, or would try to do so, if they were not given the right leadership; and it was the job of the CRC to furnish that leadership. He said that all the control laws that are passed today are aimed at destroying the labor movement.

"The spokesman for the Milwaukee, Wisconsin club told of their work in that city, but was very much disturbed for they could not get any Negro women to join them. They were able to get a group of women, Negro and white, together to Atlanta, Georgia, for the defense of Miss INGRAMS but after they returned the women did not follow the CRC any more.

[redacted] of Minnesota and [redacted] the Foreign Born of that state, told the conference that she and others had worked part time for the CRC for they had not been able to find anyone to make chairman and they had no one to look to for leadership. She spoke of [redacted] (ph) [redacted] a Communist Organizer of that state, who was sent to jail for changing his name to buy a car and get a driver's license. She asked the conference for some guidance and help in that part of the west.

b6

"CLAUDE LIGHTFOOT told the delegates that the government had seen fit to put him and others in jail because they had read some books, written by CARL MARX, and that was all they had against them. He, above all others, was being made an example. He said that it was up to the people of this country to see that he is set free.

[redacted] spoke for the Ohio group and told of the big fight being put up by the eleven Smith Act victims. It is no surprise that all of the leaders of the progressive thinking people are being jailed. But that will not do any good for this government depends on wars and not peace to keep out of a depression. He told the conference that nowhere in Europe did we, as Americans, have any friends; and now the capitalists have no markets for their goods and they are getting very desperate. [redacted] told of the many paint smeared and bombings of Negro homes. [redacted] told of people on the Federal Jury that did not vote, and only one Negro and no working class of people at all. At the end of each session Mr. WILLIAM PATTERSON told the delegates that unification of all the progressive forces of the world (is necessary) for it looked like he would be in and out of prison for the remainder of his life. He said that he was very proud to

have brought to the American people and the world the big "genocide" for this book is being read in every country of the world. He said that the Communist Party of America (foos) along with the liberity of the labor movement. He asked for unity for all. Go to the people and work with them. Don't try to be a big leader but be a follower and when the time comes to give the leadership that is needed you will have the confidence of the masses. He told the clubs the reason they had not received the help they wanted was because he had been in and out of jail and could not do the work in jail. With things looking very dark for him in the future he advised all the clubs to keep in close touch with each other and they could help each other. He asked that a special committee be set up with one person from each club to meet at least three or four times a year. This would keep each city and state up to date on what was going on. All agreed upon this and a time and place for meeting would announced later.

"At the luncheon table JULIA BROWN and [redacted] began to discuss what PATTERSON had said but could not agree on the interpretation of it. So she, Mrs. BROWN, turned to [redacted] and told him that when they returned to Cleveland, Ohio and tried to put this into effect it was not going to work, for FRIEDA KATZ and [redacted] are two of the damndest fools that she had ever dealt with. They think that every Negro is a fool and try to use them like fools. She told [redacted] that it was a shame that [redacted] was such a fool and could not see that he was nothing but a mouthpiece. She said that they asked for money and after they get it they take it and waste it on something that is no good. She told [redacted] that FRIEDA KATZ and all the other white persons in the CRC wanted all the affairs held in Negro churches or Negro neighborhoods. She asked [redacted] not to say anything to [redacted] about this for he would not understand.

and told him that he was being used by the Communists as a front for the, meaning Communists, did not believe in God. He said that they had asked him to be chairman of the CRC, in Milwaukee and they knew that he, being a minister, believed in God. He asked all that believed in God to raise their hands; some did and some did not.

[redacted] spent the night (at the home of [redacted]) and [redacted] told [redacted] and [redacted] that when she joined the Communist Party she could not read or write, but now she is one of the best informed persons that I [redacted] have seen in a long time. She told [redacted] that she was sure [redacted] was a Communist but was not too sure about [redacted] for he did not talk much. [redacted] told [redacted] that in Cleveland, Ohio it is hard to say who is who for all seem to be afraid of each other. [redacted] told [redacted] that he was sure [redacted] knew some of the oldest Communist leaders of Ohio. [redacted] made no comment on what was said and all laughed it off.

"Sixty-eight persons from five states attended the conference. The five states were Ohio, Illinois, Missouri, Wisconsin and Minnesota. (Among those in attendance were) [redacted] a white labor leader from Chicago; [redacted] from Minnesota; CLAUDE LIGHTFOOT, Negro; WILLIAM PATTERSON; [redacted] Cleveland, Ohio. Negro; [redacted] Negro, Chicago, Illinois; [redacted] white, Cleveland, Ohio; JULIA BROWN, Negro Cleveland, Ohio; [redacted] white, Minnesota; [redacted] Negro, Cleveland, Ohio; [redacted] Negro, St. Louis, Missouri.

Remylet, 10-21-54.

Since submission of relet, [REDACTED] has submitted a total of 20 written reports and a very large amount of Communist literature. Although the above represents a very slight decrease in the number of reports submitted by the informant as compared to the previous three-month period, it is noted that very few activities occur in December during the holiday season and the decrease does not represent a decline in the informant's standing. As set out below, it is believed that the informant's position in the Communist movement will definitely improve in the near future with a good possibility existing that she will be taken back into the Communist Party itself.

The following is a summary of the type of information being furnished by this informant:

Eleven of the reports concerned meetings and other activities of the local Civil Rights Congress, of which the informant is an officer. On approximately three days, the informant worked at CRC headquarters, handling mailings, making plans for activities and other similar matters. She furnished reports concerning all the information she could obtain concerning the operation of the CRC office as well as the office of the Ohio Committee for Smith Act Defendants (OCSAD), which shares office space with the CRC. In this connection, it is noted that the informant is a very close associate of FRIEDA KATZ, Executive Secretary of the local CRC and indicted Smith Act subject, and is in very frequent contact with KATZ. Informant attended the Midwest CRC Conference October 23, 24, 1954 at Chicago, Illinois, and submitted reports concerning the Conference as well as literature regarding the resolutions and other matters considered at the Conference. During December, 1954,

[redacted] who, according to the informant, is acting head of the National CRC during WILLIAM PATTERSONS incarceration, was in Cleveland for a few days and the informant was with [redacted] during most of this time and entertained her at the informant's home. As evidenced above, the informant continues to be considered one of the top CRC leaders in this area. She continues to notify members of CRC meetings, calls on various civic leaders on behalf of the CRC, and performs other important duties.

Two of the informant's reports concerned meetings of the OCSAD, one a business meeting and one a party honoring GUS HALL, convicted Smith Act subject, at which the informant identified 32 persons in attendance.

Two of the reports concerned meetings of the local chapter of the NATIONAL NEGRO LABOR COUNCIL of which the informant is a member of the Executive Board.

Two of the reports concerned matters discussed with the above-mentioned [redacted]

The remaining reports concerned the informant's efforts to advance herself in the Communist movement aimed toward reinstatement in the CP itself. In this connection it is noted that [redacted] both leading Negro women CP members in Cleveland, have previously told informant that FRIEDA KATZ is taking advantage of the informant by giving the informant various duties to perform, pressing her for donations, etc., and still has not accepted the informant back into the CP. Informant has indicated her dissatisfaction to KATZ recently concerning this, as well as to [redacted] and KATZ told informant that she would do everything she could to improve informant's status. In addition, informant met with [redacted] and [redacted] husband, [redacted] on January 19, 1955, at [redacted] request at which time informant was advised that it was the above individuals personal opinion that the informant was a victim of white chauvinism and that they were going to take the matter up with the proper persons and attempt to obtain reinstatement

DIRECTOR, FBI

for the informant. All parties with whom the informant has discussed the above have stated that the informant has not been treated properly and have stated that they believe any possible suspicions against her are unfounded because of the fine work she has done on behalf of the CRC and other Communist organizations.

It is noted that this informant is acquainted with over 100 individuals who are active to some extent in the Communist movement in the Cleveland area and she is an excellent source for verification of the residence and employment of a number of these individuals.

It is therefore recommended that authority be granted to continue payments to the above informant up to \$175.00 per month for services, plus actual normal expenses incurred, for a period of three months, effective February 1, 1955.

Re SAC Letter Number 55-13 dated February 11, 1955.

This individual has been serving as an informant since September, 1951. She is married, and apparently has no marital difficulties. In this connection, it is noted that this is the informant's fourth marriage. She has been married to her present husband for eleven years and she did not have children by any of her marriages. Her husband is aware of her association with the Bureau. He is strongly anti-Communist and participates only in an occasional social affair.

Although this informant is a Negro, she understands the Communist Party's true aims in its work among the Negroes and she is bitterly opposed to the Communist Party program in this and all other respects. She frequently states that she has absolutely no sympathy for the Communists who are having legal difficulty in this country and wishes that they could all be prosecuted. She frequently expresses her admiration for the Bureau and states that it will be the proudest day of her life when she has an opportunity to appear as a Government witness.

Although [REDACTED] is 57 years of age, is not in very good physical health and often becomes upset over activities of the Communists because of her deep-seated hatred of Communism, there have been no indications of emotional instability. There is no indication that this informant is addicted to alcohol.

Contacts with this informant to date have not indicated that continued contact with her would result in a security problem or cause embarrassment to the Bureau. It is therefore recommended that she be continued as an informant.

Remylet 1-22-55.

The following is a summary of the type of information furnished by this informant since submission of relet:

Nine written reports were submitted concerning meetings and other activities of the local Civil Rights Congress, of which the informant is an officer. One of these reports concerned the Annual Freedom Banquet sponsored by the CRC at which the informant identified 55 persons in attendance.

The informant submitted one written report each on meetings of the National Negro Labor Council, the Ohio Committee for Smith Act Defendants and an Anniversary Party honoring DAVE and FRIEDA KATZ, Cleveland Smith Act subjects. [REDACTED] identified substantially all the people present at these affairs.

The informant also attended two meetings held by the ROSENBERG-SOBELL Committee in Cleveland honoring HELEN SOBELL. In this connection it is noted that the informant has been asked to participate in the Cleveland Heights group of this Committee and informant coverage of activities in this area of Cleveland has been extremely difficult to obtain.

The informant also submitted two written reports concerning conversations with [REDACTED] considered to be a leading Negro woman CP member in Cleveland, and one report concerning a conversation with [REDACTED] wife of [REDACTED] Cleveland Smith Act subject. It is noted that relet reflects the informant is making concerted efforts to have her status in the Communist movement resolved in an attempt to be reinstated in the CP and the above conversations were held in this regard. To date, the informant has received no indication of her possible reinstatement in the CP but no indication has been received to the effect that she is not still highly regarded in the activities in which she participated. As noted in relet, informant has indicated her dissatisfaction with the treatment she has been receiving to FRIEDA KATZ, Executive Secretary of the CRC and Cleveland Smith Act subject, and a close associate of

the informant. As further evidence of this dissatisfaction, informant has been maintaining a somewhat more independent attitude towards KATZ in the expectation that KATZ will use her influence to improve the informant's position. The informant continues to be in contact with KATZ quite frequently but has begun to branch out into other activities which KATZ does not attend. It is further noted that when the informant began making concerted efforts to improve her position, it was anticipated that FRIEDA KATZ would be devoting full time to her defense as a Smith Act defendant, but since the trial has been continued to the fall of 1955, it is not known whether any decisions will be made concerning the informant prior to this time.

[redacted] also submitted written reports concerning conversations with [redacted] an SI subject and neighbor of the informant, and concerning a Progressive Party function attended by the informant. This informant also furnishes a very large amount of Communist literature.

No indications of weaknesses, instability or unreliability on the part of this informant have been noted other than the previously reported information that she is not in very good physical health and often becomes upset over the activities of the Communists because of her deep-seated hatred for Communism. This weakness is being kept constantly in mind and continuous control is being exercised over this informant in accordance with all the provisions contained in Section 107 of the Manual of Instructions.

It is therefore recommended that authority be granted to continue payments to the above informant upto \$175.00 per month for services, plus actual normal expenses incurred, for a period of three months, effective May 1, 1955.

② [REDACTED]
Remylet 4/25/55.

The following is a summary of the type of information furnished by this informant since submission of relet:

Seven written reports concerned meetings and other activities of the local Civil Rights Congress, of which the informant is an officer. At a banquet sponsored by the CRC on June 4, 1955, she identified 45 persons in attendance. One of the reports concerned a day's work at CRC headquarters in Cleveland. FRIEDA KATZ, indicted Smith Act subject and close associate of the subject, has asked the informant to work at CRC headquarters more in the future, especially since [REDACTED] regular office worker, is away from the city.

Three written reports concerned meetings of the Cleveland Sobell Committee at which the informant identified most of the people in attendance.

Two written reports concerned the Cleveland Chapter of the National Negro Labor Council. It is noted that the informant has not been very active in this organization in the recent past due to the pressure of other activities. However, since the Cleveland informant who was covering most of the NNLC activities was discontinued recently, she is reactivating herself in this group and is expected to be able to furnish this office with substantially all the pertinent information concerning the local NNLC. The informant will be able to accomplish this through her long-standing friendship with [REDACTED] local NNLC Executive Secretary. [REDACTED] spent the day at the informant's home on June 24, 1955, and urged the informant to become more active in NNLC affairs.

One report concerned a Progressive Party reception for [REDACTED] at which informant identified 32 persons in attendance.

DIRECTOR, FBI

July 21, 1955

One report concerned a long private conversation between the informant and [redacted] HYMAN LUMER, Ohio CP underground official who was recently arrested by the Cleveland Police Department. [redacted] complained to the informant about the treatment she had received from the CP and expressed considerable bitterness toward the Party.

b2
b6
b7c

One report concerned a long conversation with [redacted] UE employee and former CP member, during which [redacted] expressed an intense dislike for the treatment being afforded Negroes by the CP.

One report concerned a conversation with [redacted] considered to be a leading CP Negro woman in Cleveland, in which [redacted] also complained of the treatment Negro CP members receive from the Party.

One report concerned a conversation with [redacted] also considered to be a leading Negro CP member, in which [redacted] expressed her dislike for FRIEDA KATZ and for the manner in which KATZ just "uses" Negroes rather than having any genuine respect for them.

As evidenced from the above, [redacted] has the confidence of a number of leading figures in the Communist movement and is able to furnish information concerning dissatisfaction among the CP figures.

Since the informant is in contact, both personally and telephonically, with a large number of SI subjects, she is able to verify the employment and residences of these persons, as well as furnish information as to their activities.

Even though the activities in which this informant is able to engage are characteristically slower in the summer months, it is believed that through her reactivation in the NNLC she will be able to increase the information she is furnishing this office.

No indication of weakness, instability or unreliability on the part of this informant have been noted other than the previously reported information that she is not in very good physical health and often becomes upset over the activities of the Communists because of her deep-seated hatred for

DIRECTOR, FBI

July 21, 1955

Communism. This weakness is being kept constantly in mind and continuous control is being exercised over the informant in accordance with all the provisions contained in Section 107 of the Manual of Instructions. Every opportunity has been taken to impress upon the informant that she is not to reveal her association with the Bureau through any media whatsoever. In a recent conversation with the informant, she stated that no matter what her relations with the Bureau might be in the future, she would never do anything concerning her association that did not meet with Bureau approval. She regularly expresses contempt for MATUSOW and the other "turncoat" witnesses.

It is therefore recommended that authority be granted to continue payments to the above informant up to \$175.00 per month for services, plus actual normal expenses incurred, for a period of three months, effective August 1, 1955.

Remylet 7/21/55.

The following is a summary of the type of information furnished by this informant since submission of referenced letter:

Twelve written reports concerned meetings and other activities of the local Civil Rights Congress, of which the informant is an officer. During August, 1955, the informant spent four full days mailing literature for the Civil Rights Congress. She supplied a complete Civil Rights Congress mailing list at that time which is being used by this office in the panel source and informant developing programs. On September 10, 1955, the informant held a party at her home for the benefit of the Ohio Smith Act Defendants and identified the 45 persons who attended this affair. The Civil Rights Congress realized a net profit of over \$70.00 on the affair, and informant reports that she was highly praised for her work in organizing and preparing for the affair. The informant attended the State Conference of the Civil Rights Congress in Cleveland on October 8, 1955, and furnished this office with the future plans of the organization. She is able to identify practically all persons who attend Civil Rights Congress functions. FRIEDA KATZ, local Civil Rights Congress Executive Secretary and Cleveland Smith Act defendant, recently advised the informant to take charge of calling people daily to insure that an adequate representation of progressives is on hand each day at the courtroom while the Smith Act trial is in progress.

DIRECTOR, FBI (100-382107)

Eight written reports concerned meetings and affairs of the local chapter of the National Negro Labor Council. This informant is now furnishing this office with complete plans of the organization and attended the Resident Committee Meeting of the National Negro Labor Council held in Cleveland on September 17-18, 1955. [redacted] has done an excellent job in reactivating herself in the National Negro Labor Council in the past few months at the request of this office, since the only other informant who held a prominent position in this organization has been discontinued. b2

One written report concerned a local Progressive Party meeting and one concerned an affair of this organization held in Youngstown, Ohio, which the informant attended.

Five written reports concerned conversations the informant has had with various individuals who are active in subversive affairs in this area.

[redacted] is acquainted with well over 100 persons who are active in the Communist movement in Cleveland, and continues to be on close, personal terms with FRIEDA KATZ.

She also furnishes this office with a large amount of Communist literature.

No indication of weakness, instability or unreliability on the part of this informant has been noted other than the previously reported information that she is not in very good physical health and often becomes upset over the activities of the Communists because of her deep-seated hatred for Communism. This weakness is being kept constantly in mind and continuous control is being exercised over the informant in accordance with all the provisions contained in Section 107 of the Manual of Instructions. Every opportunity has been taken to impress upon the informant that she is not to reveal her association with the Bureau through any media whatsoever.

DIRECTOR, FBI (100-382107)

It is, therefore, recommended that authority be granted to continue payments to the above informant up to \$175.00 per month for services, plus normal expenses actually incurred, for a period of three months, effective November 1, 1955.

On 11/7/55 [REDACTED] orally advised me that she attended the Smith Act trial on Friday, 11/4/55. She sat with [REDACTED]. The three of them wrote notes back and forth in a notebook in order not to disrupt the proceedings by talking. There were several notes written which the informant did not see and [REDACTED] moved to another seat to get a better look at the jury. Later [REDACTED] returned to her original seat. Subsequently, the informant saw part of a note in the notebook which read, "That's our friend on the front seat". Informant said there was more to the note but [REDACTED] put her hand over it when she saw the informant reading it.

At recess, the informant was talking to [REDACTED] about the speech KRCHMAREK had made at the trial. Informant mentioned that she noticed that one of the women juror's face turned red while KRCHMAREK was talking. [REDACTED] said that it must have been the woman on the front seat because she's "our friend". Informant advised that she was not in a position to determine which juror they were talking about, but she believes it is the woman juror sitting closest to the judge.

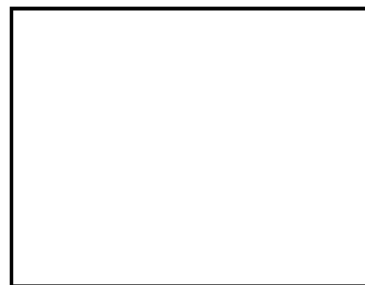

For info. Informant will submit written report.

January 24, 1956

W SAC, CLEVELAND [REDACTED]

[REDACTED]
Remylet October 17, 1955.

The following is a summary of the type of information furnished by this informant since submission of referenced letter:

Eight written reports concerned meetings and other activities of the local chapter of the Civil Rights Congress (CRC). The informant has recently reported that the CRC local chapter has disbanded on instructions from New York Headquarters due to the action of the Subversive Activities Control Board. The informant reported that the organization will continue to function under the name of the Ohio Bill of Rights Conference, (OBRC). [REDACTED] has also furnished information concerning the organization's efforts to spearhead the information of another group, not publicly connected with the OBRC or CRC, to protest the EMMETT TILL Case and similar cases. The informant continues to be responsible for notifying other members of meetings and affairs of the OBRC. She also continues to work occasionally at the OBRC Headquarters in connection with mailings and office work.

Seven written reports concerned the local Smith Act Trial now in progress and various activities of the defendants. The informant has attended court sessions frequently and has been asked by FRIEDA KATZ, Smith Act Defendant, to phone others urging them to attend the trial.

Four written reports concerned the local chapter of the National Negro Labor Council (NNLC). The informant

is a member of the Resident Committee and attended a meeting of this committee in Detroit, Michigan, on November 19, and 20, 1955. [redacted] keeps this office advised of the current status and future plans of this group.

b2

Two written reports concerned ~~the~~ visits between the informant and [redacted] subject of a passport violation case which will be tried in Cleveland, in the near future.

Due to her long experience in the Communist Front Field, this informant is able to identify almost all the persons attending the affairs of these organizations.

Since the informant is well acquainted with a large number of Security Index Subjects in Cleveland, she is able to provide current residences and employment for many of these subjects.

[redacted] continues to supply this office with a large amount of Communist Literature.

No indication of weakness, instability or unreliability on the part of this informant has been noted other than the previously reported information that she is not in very good physical health and often becomes upset over the activities of the Communists, because of her deep-seated hatred for Communism. This weakness is being kept constantly in mind and continuous control is being exercised over the informant in accordance with all the provisions contained in Section 107 of the Manual of Instructions. Every opportunity has been taken to impress upon the informant that she is not to reveal her association with the Bureau through any media whatsoever. The informant has been instructed as to the proper method of preparing and submitting reports.

It is, therefore recommended that authority be granted to continue payments to the above informant up to \$175.00 per month for services, plus normal expenses actually incurred, for a period of three months, effective February 1, 1956.

RE: CONFIDENTIAL INFORMANT [redacted]

[redacted] was contacted 2-6-56 by [redacted] recent Cleveland underground leader, for purposes of re-instating informant into CP, which [redacted] will recommend to Review Board. [redacted] returned to Cleveland recently and is in charge of recruiting former CP members back into CP in this area and advised informant that he has already contacted five others for reinstatement. [redacted] and wife, [redacted] looking for place to live in Cleveland. Informant has third floor of house owned by informant and close to where informant lives available for rent and had planned renting it furnished for \$20 per week. [redacted] expects to pay \$65 per month maximum for four room unfurnished apartment. Informant has only two and one-half rooms, but will offer them to [redacted] for \$50 per month as inducement for him to come there, provided Bureau will guarantee this \$50 per month to informant in event [redacted] does not pay. [redacted] Smith Act subject, previously advised informant that it was necessary that [redacted] reside only with trusted people, that is someone in CP movement. It appears that he may maintain Party records, including names of persons being considered for reinstatement. Suggest Bureau approval of guarantee to informant for three month period, as this appears an excellent opportunity for anonymous source material, in addition to possibility of informant acting as baby sitter for [redacted] and obtaining information in that way.

The following is a summary of the type of information furnished by this Informant since submission of referenced letter:

Informant by written report advised on February 4, 1956, she was contacted by [redacted] reportedly a CP Ohio State Functionary, relative to Informant's re-entry into the CP and circumstances surrounding her leaving the CP. [redacted] told Informant that subsequent to the Cleveland Smith Act trial, he would contact her and they would meet with two other Party leaders. [redacted] without going into detail, told Informant that she would be trained with the guidance of the CP, and also that she would work in the National Association for the Advancement of Colored People. [redacted] at this time requested Informant's assistance in obtaining living quarters for he and his family. It is to be noted that [redacted] subsequent to this time secured living quarters for he and his family, therefor permission granted by the Bureau in reBuairtel dated February 9, 1956, guaranteeing Informant \$50.00 re rental of her apartment to [redacted] is no longer necessary.

Informant by written report advised that [redacted] reported CP member, on March 28, 1956, commented to Informant that since [redacted] wife and baby were no longer ill [redacted] told [redacted] to advise Informant that he would "get in touch" with Informant relative to the matter they had previously discussed.

By written report Informant advised that on April 6, 1956, [redacted] Security Index subjects, Cleveland, subsequent to telephoning her, came to her home late in the evening using what Informant considered a pretext, went through Informant's apartment and basement looking into all rooms and closets. The callers remained in the house for approximately three to four hours, having no apparent purpose for being there. Informant suppositions that they were "checking" on her.

[redacted] confided in Informant facts regarding her CP membership, and [redacted] disagreements concerning certain CP members. [redacted] also commented to Informant [redacted] desires to organize Negro help at her place of employment.

Informant furnished a written report relative to a contact with [redacted] subject Cleveland Passport and Visa matter case and wife of [redacted] National Officer, Mine, Mill and Smelter Workers Union. During contact with [redacted] spoke relative to possible chauvinistic activities of a UE official.

One affair was a victory party at the home of FRIEDA KATZ, acquitted Smith Act subject. During this affair, Informant was in contact with [redacted]. Also one affair was a party honoring [redacted] wife of [redacted] convicted Cleveland Smith Act subject, for her work during the Smith Act trial.

Director, FBI

Since the Informant is well acquainted with a large number of Cleveland Security Index subjects, she is able to provide current residence and employment for many of these subjects.

SUBJECT: [REDACTED]

By report dated May 16, 1956, received May 21, 1956, informant advised that on May 12, 1956, she had attended a social affair at the residence of [REDACTED]. Report sets forth that during the social, [REDACTED] and the informant sat down to talk. [REDACTED] advised that he had been told that FRIEDA KATZ had acted strangely when she saw informant arrive at the affair. It was noted by informant that FRIEDA KATZ after being at the affair approximately twenty minutes left, stating that she had an appointment to speak at the Hungarian Hall. In talking to [REDACTED] and the informant [REDACTED] said that he had found out that FRIEDA KATZ dislike of the informant was purely jealousy; that the white Communists did not want Negro representation and that he thought that the Negroes should fight for their stand in the CP. [REDACTED] said that a convention would soon be held and he thought he would be one of the delegates and that it was his intention to fight for informant's re-entry into the CP.

On May 14, 1956, SA [REDACTED] contacted the informant and her situation regarding her re-entry into the CP was fully discussed. Informant was of the opinion that FRIEDA KATZ was sufficiently powerful enough in the CP to block her re-entry therein.

In view of FRIEDA KATZ's position relative to the informant, it was felt that since the informant for a period of years had been utilized by FRIEDA KATZ on numerous occasions for transportation and other personal favors regarding KATZ, informant had been placed in a position that she had to take some positive action. It was felt that if positive action was not taken immediately by the informant relative to FRIEDA

KATZ blocking her re-entry into the Party and she continued to attend front meetings, it would appear highly suspicious on her part, giving the impression that informant was merely "hanging on" as long as she could to pick up whatever scraps of information were available.

It was the writer's belief that informant at the earliest possible time should contact [] and advise him that in view of her long service in the Communist movement and the apparent use of her by FRIEDA KATZ, if she was not taken into the CP she felt that she should cease all her activities. Also that upon informant's contact with [] she should charge FRIEDA KATZ with white chauvinism.

This line of approach to the problem was discussed with Security Supervisor [] who was in agreement that this positive action should be taken.

On May 17, 1956, SA [] contacted the informant and the aforementioned plan was fully discussed with her. It was pointed out to her that the possibility existed that if [] called her bluff by stating that he could do nothing for her, conceivably her activities would be at an end which would result in her discontinuance as a Bureau informant. Informant advised that she fully realized her position and agreed entirely with the writer that positive action should be taken and that the plan to contact [] in her opinion, was the most logical. She also stated that if her bluff was called and her services were no longer of value to this Bureau, she would regret leaving the Bureau service; however, she would readily accept it.

Informant advised that she would immediately proceed to [] house and confront him with the plan. Late in the afternoon of May 17, 1956, informant contacted SA [] and she advised that she had gone to [] home and related the charges to []. Informant advised that [] felt terrible about source's possible leaving the movement and asked her to give him two weeks and that within two weeks he would have her in the Central area out of the domination of FRIEDA KATZ and thereby could

more readily reactivate her into the CP.

On June 5, 1956, informant advised SA [redacted] that she had been contacted on Sunday June 3, 1956, by [redacted] and requested to contact [redacted]. Within a short time thereafter she telephonically contacted [redacted] at her residence and recognized the answering voice to be that of [redacted] however, she did not acknowledge this but merely asked to speak with [redacted]. [redacted] invited her over to her home that afternoon for a celebration. Shortly after arriving at [redacted] residence, a discussion was had between [redacted] and later joined by ADMIRAL KILPATRICK and still later by [redacted].

Informant's status relative to the CP was discussed and she related the facts surrounding her being "fired" out of the CP by FRIEDA KATZ. Thereafter the group agreed that informant should be re-established in the CP, at which point she was retaken into the CP and paid her dues of 35¢ per month for six months plus a 35¢ initiation fee. [redacted] advised her that for the present time he was going to place her in the Cedar-Central Section in KILPATRICK's club and not in his own club. KILPATRICK advised informant that he would call her on June 9, 1956, and merely state to her to come by a certain address to be given on June 9, 1956, at which place a CP meeting would be held. (Informant advised that she was presently compiling a complete report relative to this meeting and would submit it within the next day or so.)

Informant has furnished, or is in the process of furnishing, eight reports dealing with Communist Party meetings. Of the six reports relative to the Communist Party meetings or activities, one report, received May 3, 1956, dealt with the inspection of the informant's home by two individuals closely associated with the Communist Party.

One report, received May 25, 1956, dealt with informant's contacting [REDACTED] on May 17, 1956, relative to her position as concerned the Communist Party. One report, received on June 7, 1956, dealt with informant's entry into the Communist Party on June 3, 1956. Two reports, one received on June 15, 1956, and one dated June 23, 1956, dealt with regular Communist Party meetings attended by informant. The sixth report is being prepared by informant and concerns a Communist Party club meeting held on July 7, 1956.

As amplification of informant's activities immediately preceding her entry into the Communist Party, the following is set forth:

By report dated May 16, 1956, informant advised that on May 12, 1956, she had attended a social affair at the residence of [REDACTED] Cleveland, Ohio. During the course of the social [REDACTED] reported Communist Party member, and informant engaged in a conversation relative to the informant's status concerning the Communist Party. [REDACTED] advised that he had been told that FRIEDA KATZ had acted strangely when she entered [REDACTED] apartment and observed informant in attendance at the affair. It had been noted by the informant that FRIEDA KATZ after being present approximately twenty minutes, left the affair stating that she had another appointment.

During the discussions with [REDACTED] [REDACTED] advised that he had found out that KATZ's dislike of the informant was purely jealousy, that the white Communists

did not want Negro representation and he thought that the Negroes should fight for their stand in the Communist Party.

According to informant, [REDACTED] further stated that a convention would be held soon and he thought that he would be one of the delegates and that it was his intention to fight for informant's re-entry into the Communist Party.

On May 14, 1956, SA [REDACTED] in contacting the informant fully discussed her situation regarding the possibility of her re-entry into the Communist Party. Informant stated that she was of the opinion that FRIEDA KATZ was sufficiently powerful enough to block her re-entry into the Communist Party.

In view of KATZ's position relative to the informant it was felt that since the informant for a period of years had been utilized by KATZ on numerous occasions for transportation and other personal services, informant had been placed in a position that required her to take some positive action. It was felt that if positive action was not taken by the informant relative to KATZ's blocking her re-entry into the Party and she continued to attend Communist Party front meetings, it would appear highly suspicious on her part and would give the impression that the informant was merely "hanging on" as long as she could to pick up whatever pieces of information were available.

It was planned that the informant at the earliest possible time should contact [REDACTED] and advise him that in view of her long service in the Communist movement and the apparent use of her by FRIEDA KATZ, if she was not taken into the Communist Party she felt that she should cease all of her activities. Also, that informant upon contact with [REDACTED] should charge FRIEDA KATZ with white chauvinism.

On May 17, 1956, the informant was contacted and the aforementioned plan was fully discussed. It was pointed out to informant that the possibility existed that if

Informant advised that she fully realized her position and agreed entirely that positive action must be taken and that the plan to contact [REDACTED] in her opinion, was the most logical.

Informant stated that she would immediately proceed to [REDACTED] home and put the plan into effect.

Later in the afternoon of May 17, 1956, informant advised that she had proceeded to [REDACTED] home and put the plan into effect. Informant stated that [REDACTED] upon hearing informant's statement felt terrible about informant's possible leaving the movement and asked her to give him [REDACTED] two weeks and that within two weeks he would have informant in the Central area out of the domination of FRIEDA KATZ and thereby could more readily reactivate her into the Communist Party.

On June 5, 1956, informant advised that she had been contacted on Sunday afternoon, June 3, 1956, by [REDACTED] and requested to contact [REDACTED]. Informant within a short time thereafter telephonically contacted [REDACTED] at her residence and recognized the answering individual to be [REDACTED]. However, informant did not acknowledge this recognition but merely asked to speak with [REDACTED]. [REDACTED] invited informant over to her home that afternoon for a celebration.

Shortly after arriving at [REDACTED] residence a discussion was entered into between [REDACTED] and [REDACTED] and later joined by ADMIRAL KILPATRICK and still later by [REDACTED]. [REDACTED] at this time advised informant that for the present time he was going to place informant in the Cedar-Central Section in KILPATRICK's club and not in his own club. KILPATRICK at this point stated that informant would be contacted relative to a Communist Party meeting to be held on June 9, 1956.

It is to be noted that informant is friendly with [REDACTED] and [REDACTED] wife, [REDACTED] and it is anticipated that in the immediate future informant will be utilized in connection with an anonymous source concerning [REDACTED]

Informant since being taken into the Communist Party has exhibited greater enthusiasm and is looking forward to attending Communist Party classes when they are reinstituted in this area.

Informant continues to supply this office with a large amount of Communist literature.

No indication of weakness, instability or unreliability on the part of this informant has been noted other than the previously reported information that she is not in very good physical health and often becomes upset over the activities of the Communists, because of her deep-seated hatred for Communism. This weakness is being kept constantly in mind and continuous control is being exercised over the informant in accordance with all the provisions contained in Section 107 of the Manual of Instructions. Every opportunity has been taken to impress upon the informant that she is not to reveal her association with the Bureau through any media whatsoever.
